

Mini Quilt Appliqué with Wonder Fuse

Wonder Fuse
Art. No 4090

Designed by Carol Mesimer

Clover
MAKE-IT

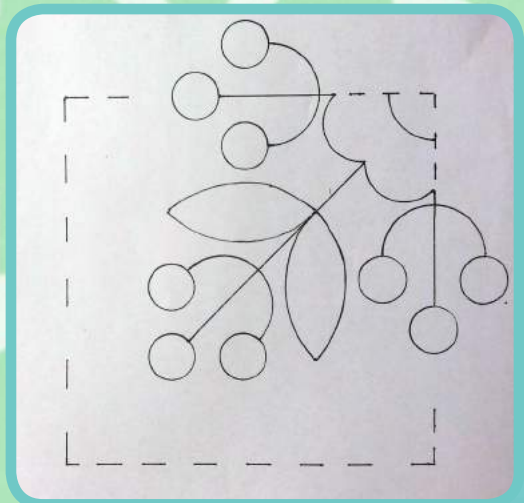

Materials:

- Wonder Fuse (Art. No 4090)
- Quick Yo-Yo Maker (Large) (Art. No 8701) *optional*
- Flower Head Pins (Art. No 2506)
- 15” square base fabric
- 15” square backing fabric
- 4 – 1.5” x 15” strips for binding
- 15” square batting
- 4” square center flower fabric
- 2” square flower center OR 4.375” square for yo-yo center *optional*
- 6” square leaf fabric
- 2 – 3” x 4” squares for berries, two colors
- Embroidery floss or green sewing thread for stems

Instructions:

Step 1: Trace shapes onto the paper side of Wonder Fuse. Leave a bit of space between each shape. For directional shapes, reverse image before tracing. Cut out shapes slightly larger than drawn lines.

Step 2: Following package directions, iron Wonder Fuse to the back side of fabrics.

Step 3: After cooling, cut out shapes on drawn lines.

Step 4: Fold base fabric into quarters to mark, open and center over pattern. Pin to hold in place.

*If you use an embroidery hoop, trace the lines for stems and embroider.

Step 5: Remove backing paper and place cut out shapes onto base fabric. Position carefully and iron according to Wonder Fuse directions.

*Optional: A yo-yo can be used for the flower center. Using the Quick Yo-Yo maker, make and stitch a yo-yo to the flower center.

Step 6: If finished product will receive frequent washing or handling, stitch around edges of shapes with a blanket stitch.

Step 7: Press completed block face down to smooth, then layer face up with batting and backing. Quilt or add more blocks for a larger piece. Trim finished piece to size and sew on binding.

NOTE: Larger pieces will require more fabric.

Finished Product

More on the Wonder Fuse

Useful for appliqué on apparel, quilts embroidery, home decor, and crafts.

Works beautifully when paired with Wedge Iron (Art. No 9200).

Use Wonder Fuse to turn any fabric into fusible fabric! This paper backed fusible web will keep your fabric soft and ready to sew. Recommended for you most delicate work.
